Main Areas Of Study

- Tourism Principles and Practice
- Tourism Information and Administration
- Cabin Crew Operations
- Airline Studies
- Irish Culture and Heritage Resources
- Business Administration
- Communications
- Work Experience
- Word Processing
- Spanish
- French.

Educational Progression/Employment Opportunities

Examples of progression to Higher Education include:
Business with Office Technologies Level 6 Higher Certificate

Limerick Institute of Technology

Business (Thurles Campus)

Cork Institute of Technology

Business Administration Level 7 Degree

Waterford Institute of Technology

WD148 BA in Tourism and Marketing
WD091 BA in Hospitality Management
WD173 H. Cert in Hospitality Studies
WD174 H. Cert in Tourism

Tralee Institute of Technology

BA in Travel and Tourism Level 7 and 8.

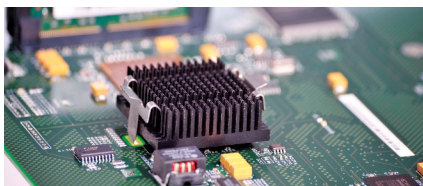

DEPARTMENT OF COMPUTER SCIENCE

Software Development Level 5 5M0529

This Programme is for Post Leaving Cert students, Adults returning to education, Adults looking to pursue a career in the Software Development sector.

Main Areas Of Study

- Fundamentals of Object Oriented Programming
- Software Architecture
- Maths for Information Technology
- Communications
- Work Experience
- Mobile Technologies
- Operating Systems
- Web Authoring.

Further Study

This course is ideal for anyone looking to progress to studying software development at further and higher education. Graduates normally progress to Level 6 Computer Systems and Networks (6M17815), also offered in Templemore College. Alternatively, this course offers prospective students access to third level college, through the Higher Education Links Scheme. In particular, students can gain up to 25 CAO bonus points for entry to the Higher Certificate or the BSc in Computer Management in LIT (Thurles). Students will also be able to directly apply for one of five WIT college places, reserved especially for Templemore College students.

Computer Systems and Networks Level 6 6M0659

This course is for students who have successfully completed their Level 5 studies, Adults returning to education, job seekers looking to pursue a career in the Networking industry.

Main areas of study

- Network Infrastructure
- Systems Software
- Physical and Logical Networking
- Information
- Technology Administration
- Leadership
- Work Experience
- Network Security
- Digital Compliance.

Further study

Should you wish to continue your studies to higher education in a third level Institute of Technology or University, this award provides a solid grounding in the fields of computer science, network infrastructure, and cyber security. This course offers a direct pathway into second year of the Higher Certificate or the BSc in Computer Management in LIT (Thurles). Students will also be able to apply for one of five WIT college places, reserved specifically for Templemore College students.

Cyber security Technician Course Level 6 CISCO CCENT

If you think like a hacker and wish to become a security specialist, you need to stay up-to-date on technology and discover weak spots before someone else does. If you enjoy solving complex problems, have a passion for information and network security, this course is for you. The students will have successfully completed their Level 5 studies, will be an adult returning to education, or will have relevant experience.

Main Areas Of Study

- Introduction to Cyber security
- Network Theory Essentials
- Fundamentals of Routing and Switching
- Modern Network Security Threats
- The Data Protection Act and the implications for your IT network
- Securing Network Devices and your Local Area Network
- Introduction to Cryptography
- Managing a Secure Network.

Further Study

Should you wish to continue your studies, CCNA Security is considered the leading entry-level Network Security qualification.

DEPARTMENT OF BUILDING DESIGN

Interior Design Level 5 5M5054

This course is for Adults and Post Leaving Certificate students who wish to pursue a career in interior decoration and design, develop an appreciation and understanding of the green interior, complete a portfolio of design and project work, and develop their visual awareness and lateral thinking skills.

Main Areas of Study

- Personal and Professional Development
- 3D Interior Design Method
- Building Technology and Design
- Design Skills
- Drawing
- Leadership
- Communications
- BER (Building Energy Rating) Certification
- Work Experience.

Further Study

Graduates from the course may progress to the Interior Design with Architectural Technology Level 6 Templemore College or to a range of third level courses available on the Higher Education Links Scheme.

Interior Design with Arch and Tech Level 6 6M5127

This course is for adults who have either completed the Level 5 course in Interior Design/Computer Aided Design with Architectural Technology for Green Building or have experience in industry and wish to formalise their qualification in the area.

Main Areas Of Study

- Architectural Drawing and Presentation
- 3D Interior Design Method
- Building Technology and Design
- Surveying
- BER (Building Energy Rating) Certification
- Architectural Model Making
- Design Computer Applications
- Design Professional Practice.

Further Study

Graduates from the course may progress to a range of third level courses available on the Higher Education Links Scheme.

CAD Architectural Design for Green Building Level 5 5M1940

This course is for Adults and Post Leaving Certificate students who wish to pursue a career in architectural technology, architecture, and sustainable energy sector.

Main Areas Of Study

Design Skills

Appreciation of Art, Craft and Design

Architectural Drawing

CAD (Computer Aided Draughting)

Computer Illustrated Graphics (Adobe Photoshop)

Building Construction - (this includes an introduction to Domestic BER)

Colour and Light

Communications and Work Experience.

Further Study

Graduates from the course may progress to the Interior Design with Architectural Technology Level 6 course or to a range of third level courses available on the Higher Education Links Scheme.

DEPARTMENT OF EARLY CHILDCARE AND EDUCATION

Early Childhood Care and Education Level 5 5M2009

This course is designed for adults and Post Leaving Certificate students who wish to pursue a career in the early years sector.

Main Areas Of Study

- Child Development
- Early Care and Education Practice
- Early Childhood Education and Play
- Child Health and Well Being
- Work Experience
- Communications
- Special Needs Assisting
- Nutrition
- Occupational First Aid.

Further Study

Graduates from the course may progress to study Early Childcare and Education Level 6 which is a supervisory level course, or to third level. LIT (Thurles) Early Childhood Care and Education - Bachelor of Arts

Early Childhood Care and Education Level 6 6M2007

This course is designed for students who have completed a Level 5 QQI award in Early Childcare Care and Education, or who have significant experience working in childcare, and who wish to work as supervisor/centre manager.

Main Areas Of Study

- Child Development
- Early Childhood Curriculum
- Childhood Social and Legal and Health Studies
- Work Experience
- Team Leadership
- Supervision in Early Childhood Care
- Child Psychology
- Special Needs Assistance
- Occupational First Aid.

Further Study

LIT (Thurles) Early Childhood Care and Education - Bachelor of Arts

Graduates can progress to a range of third level courses through the Higher Education Links Scheme.

DEPARTMENT OF BEAUTY THERAPY

CIBTAC and CIDESCO Diplomas

This course is for school leavers or adults who wish to become Beauty Therapists, Body Therapists and Electrologists.

Main Areas Of Study CIBTAC Diploma

Diplomas in Beauty Therapy
Anatomy and Physiology
Skin Care Facials
Manicure and Pedicure
Cosmetic Science and Facial Massage
Electrical Treatments
Make-up
Waxing
Health and Hygiene
Business Studies
Job Preparation/ Interview Skills.

CIBTAC Diploma in Electrical Epilation

Electrical Epilation
Hair Growth
Cause of Hair growth
Endocrine system
Methods of hair removal.

CIDESCO Diploma

Beauty Therapy
Diploma in Body Therapy (to include Anatomy and Physiology)
Body Massage Theory and Practice, Body Electrical Treatments
Nail Technology
Exercise and Figure Correction
CIDESCO Beauty Therapy and Body Therapy
Job Preparation/Interview Skills.

Employment Opportunities

- Salons
- Hotel Spas
- Leisure centres
- Health farms
- Cosmetic company as a sales representative
- Salon Owner
- Cruise Liners as a Beauty Consultant.

This course is for school leavers or adults who wish to become complementary health therapists, or who wish to develop their interest in the field of complementary health studies. Participants will acquire a deep knowledge of complementary therapy theory and practice, and an understanding of how these fit into the wider context of the health science.

Complementary Therapies CIBTAC

Main Areas Of Study – Year 1

Anatomy and Physiology
Diploma in Body Massage
Diploma in Aroma therapy
Business Studies
Job Preparation and Interview Skills.

Year 2

Diploma in Reflexology
Diploma in Indian Head Massage
Diploma in Hot Stone
Diploma in Sports Massage
Diploma in Sports Therapy.

Work In

- Spas
- Hotels
- Gymnasiums
- Complementary Health Centres
- Cruise Liners
- Self-employed
- Beauty Salons
- Centres for Well-Being.

Sports, Nutrition, and Exercise Level 5 5M5146

This course is for adults and Post-Leaving Certificate students who wish to pursue a career in the Sport and Leisure Industry, people who have an interest in Sports Coaching and people who are interested in promoting active lifestyles.

Main Areas Of Study

Sport and Recreation Studies
Exercise and Fitness
Communications
Work Experience
Nutrition
Sports Anatomy and Physiology
Leisure Facility Administration
Adapted Physical Activity
Irish Water Safety Award
Occupational First Aid Award.

Further Study

Students can also gain entry to a wide range of courses at third level through the Higher Education Links Scheme.

LIT

Business Studies with Sports Management
Sports Coaching and Development
Sports Strength and Conditioning (Thurles)

Carlow IT

Strength and Conditioning
Sport Science

IT Tralee

BSc Health and Leisure

CIT

Recreation and Leisure Management

Waterford Institute of Technology

There are reserved places for TCFE students in:
BS in Recreational Sports Management
BA (H) in Health Promotion
BA (H) in Exercise and Health Studies
BSc (H) in Sports Coaching and Performance

UCC

BA Sport Studies and Physical Education.

Sports Therapies Level 6 CIBTAC

This qualification is designed for those who wish to pursue a career in the area of Sports Injury Therapy, Physical Therapy and Injury Rehabilitation. The course will provide candidates with advanced skills in injury prevention, injury treatment/management and best injury rehabilitation practices.

Main Areas of Study

This course will provide students with the skills to find employment in a social care setting.

Note: This course requires participants to be Garda vetted. Continued participation on the course and work placement is dependent on the successful completion of this process.

Language and European Studies Level 5 5M2073 and Erasmus+ European Work Placement

This course is for students who have an interest in Europe and the European Union in particular, and its vital role in global politics. If you are a job seeker, this qualification will enhance your job prospects in a wide range of multi-cultural environments, where good language and communications skills are required.

Main Areas Of Study

French or Spanish
European Studies
Inter cultural Studies
Business Administration
Work Experience
Word Processing
Communications
Irish Culture and Heritage.

Educational Progression/Employment Opportunities

This course offers a progression route to the Level 8 European Studies degree in the University of Limerick, through the Higher Education Links scheme.

Erasmus+

Templemore College is proud to be an active partner in the EU-funded Erasmus+ programme. Erasmus+ provides opportunities for students to study, train, gain work experience and volunteer abroad. Currently, thirty-five students from Templemore College take part in work placements in Spain, France, and Germany each year. Work placements are organised through a network of contacts with Spanish, German, and French enterprises in a wide variety of industry sectors. Erasmus+ opportunities are very beneficial to students who gain valuable experience while learning a new language and technical skills but also in terms of personal growth. All students report an increase in self-confidence, independence, maturity, and motivation upon their return home to Ireland.

In addition, the Erasmus+ mobility experience can enhance the student's CV and help the student secure future employment, at home or abroad.

The Erasmus+ programme can be particularly beneficial for those students looking to continue their studies of European languages at higher level.

Funding

EU funding for the work placements contributes to the costs of flights, accommodation, and day-to-day living expenses while on work placement.

NON-FORMAL, PART-TIME, AND SELF FUNDED NIGHT CLASSES DEPARTMENTS

Céim Eile

Céim Eile is a Department of Education and Science initiative, supported by ESF funding, to provide second chance education for early school leavers in the 16 - 20 age group. The programme aims to enable students acquire the personal and interpersonal skills and confidence to enter and succeed in the work place or further education. The programme currently caters for the Nenagh, Roscrea, Thurles, Urlingford, Borrisoleigh and Templemore areas.

Main Areas Of Study

Subjects for the Leaving Certificate Applied include:

- Construction studies
- Irish and French
- I.C.T.
- Media and design
- Communications
- Social education
- Art
- SPHE
- Maths
- Woodcraft
- Vocational preparation and guidance
- Leisure and recreation
- Hair and beauty
- Child Care
- Work Experience
- ECDL
- QQI Health related fitness
- Additional Subjects.

Part-time Back to Education Department

This course is for adults who left school early and who would like to get back to education. It aims to provide participants with the confidence and skills to consider returning to full time education or employment in the future. Class size is small so that each student can get individual attention when necessary.

Main Areas Of Study

Year 1: Level 3 General Learning 3M0874

Communications Skills: listening, speaking, reading, writing

Woodcraft: developing creativity through wood

Personal Effectiveness: developing confidence and self-esteem

Word Processing: introduction to word processing

Internet Skills: developing confidence in the use of the internet

Maths: basic mathematics.

Duration:

This course takes place three mornings per week from September to May.

Year 2: Level 4 General Learning 4M2010

Communications: more effective communications skills

Maths: continuation of basic mathematics

Personal effectiveness: improving inter personal skills

Word Processing: developing skills to use a wordprocessing package

Computer Applications: developing an understanding of database, spreadsheets and computer graphics

Work Experience: gaining relevant experience in the area of your choice

Vegetable growing: developing skills to plant, grow and maintain a range of vegetables

Food and Nutrition: developing knowledge to follow a healthy and balanced diet.

Further Study

This course prepares students to pursue further educational opportunities if they so wish. Many students have progressed on to full time courses in Templemore College.

TEN IMPORTANT PIECES OF INFORMATION

1. ON-LINE APPLICATION SYSTEM

All students are now encouraged to apply on-line where possible. However if you wish to complete a paper copy please contact the College. Closing date for the receipt of first round applications is Wednesday 26th April 2017.

Our application service is open from November each year. Early applicants may be invited for interview before May, however most interviews are normally held in May of each year.

Offer of places will be subject to completion of interview, the achievement of the minimum entry requirements, and the completion of the Garda vetting process. Applicants will be notified of their interview results in a timely fashion after the interview.

Late applications will be processed, subject to the availability of places, in late August 2017. As places on all courses are limited, early application is strongly advised.

A non-refundable administration fee of €10 applies to all applications.

Please note that full medical cards (not doctor only cards) may be used in relation to some fees.

2. REGISTRATION AND SERVICES FEES

Unless otherwise stated a fee of €245.00 will be payable to include administration and QQI examinations (for students taking QQI Qualifications at Level 5. An additional €30.00 is payable for Level 6 QQI Awards).

These service fees include a non-refundable deposit of €35.00.

Any additional fees are listed on the website or contact the College.

3. DEPARTMENT OF EDUCATION FEES

All students who enrol on an approved PLC course are required to pay the €200 programme participant contribution to the Department of Education and Science.

The following categories of participant are exempt from paying this contribution:

- 1 Full medical card holders in their own right and their dependent children
- 2 Those who are eligible under the student grant scheme (SUSI)
- 3 Those in receipt of the Back to Education Allowance (BTEA) or
- 4 Vocational Training Opportunities Scheme (VTOS) allowances.

4. GRANTS

The range of financial support available to students intending to attend Further Education includes: Maintenance Grant Scheme, Special Rates of Maintenance Grants, and Fund for Students with Disabilities.

For further info see: www.studentfinance.ie or www.susi.ie

VTOS - Vocational Training Opportunities Scheme

To be eligible you must be over 21 years, and 6 months in receipt of a qualifying social welfare payment. This grant may include the cost of some books, lunch and travel expenses.

5. SPECIFIC ENTRY REQUIREMENTS

There may be specific entry requirements for some PLC (Post Leaving Certificate) courses and these are clearly outlined in this booklet. Leaving Certificate Applied (LCA) is an entry requirement for the majority of courses except where otherwise stated. Garda vetting is also a requirement for all courses.

6. HIGHER EDUCATION LINKS SCHEME

At this point in time, there are 40 higher education institutions including Universities, Institute of Technology and private third level Colleges offering place to QQI CAO applicants.

In addition the **Higher Education Links Scheme** provides access to Level 5 and some Level 6 Advanced Certificates to a number of reserved places on higher education programmes. WIT provides a number of reserved places for all QQI Programmes in Templemore - conditions apply.

7. WORK EXPERIENCE

Work experience is an important element of all our PLC courses. The College has a wide range of contacts and can assist participants in obtaining relevant work experience placement.

8. EUROPEAN WORK EXPERIENCE - ERASMUS +

Fully funded opportunities for European Work Experience, for up to 35 students, is provided each year in Germany, France, and Spain. This opportunity is available to students who are interviewed and deemed suitable for this option - see page 25 for more details.

9. GUIDANCE, SUPPORT, AND SPECIAL EDUCATION NEEDS

All students have access to the adult guidance and counselling service in the College. The College will endeavour to provide appropriate supports for students with special education needs and is dependent on the budget received from the funder.

10. GARDA VETTING

Garda Vetting is now a requirement for all students who wish to attend Templemore College. Offers of a place are provisional pending the outcome from the Garda vetting process.

All courses offered are subject to the approval of the Department of Education and Skills. Templemore College reserves the right to restructure or cancel any course without notice. This prospectus does not infer or impose any legal obligation on Tipperary ETB or Templemore College to provide courses or other services to students.
